

Dear Applicant,

Thank you for your inquiry about La Sierra Academy. I have enclosed with this letter a packet of information pamphlets as well as an application form and several other necessary forms. Please feel free to contact me if you have any questions about the materials and would like to set up an appointment to visit the school and begin the application/registration process.

I think you will find that we have an excellent college/university preparatory educational program and some exciting athletic, music, drama, spiritual and extracurricular programs planned for the 2010-11 School Year.

Sincerely yours,

Glenn Bentjen  
Academic Vice-Principal/Registrar
